源于生活、驻足细节

“上帝寄宿在细节里”，建筑大师密斯·凡·德罗如是说；陶瓷大师杨永善说“细节弄好了，能不出高档吗？”。这就是匠心，是数千年来中国瓷匠的风骨，也正是中国被誉为瓷国的本源。尊屹秉承中国工匠精神，数十年如一日专注陶瓷，将陶瓷设计从精细推向景致。

IDEA FROM LIFF, PRODUCE WITH METICULOUSNESS

Ludwig Mies Van der Rohe, the master builder, once said, "God lives in the details". Yongshan Yang, the ceramic master also said, "If we handle well with details, can't we make an advanced and quality ceramic?" That's the spirit of craftsman, which is the character of Chinese ceramic worker for thousands of years, that's why ceramic is called China. Zunyi advocates the ever lost craftsman's spirit, endeavors to make chinaware from exquisiteness to perfectness.
